KLONDIKE

KLONDIKE

Il Klondike è una regione del Canada nord-occidentale, appena al di là del confine con l'Alaska.
E' collocato nei pressi del famoso fiume Klondike, un piccolo torrente che possiede numerose pepite d'oro.
Il Klondike deve gran parte della sua fama alla "Corsa all'Oro del Klondike", che ebbe inizio
nel 1896 attirando persone da tutto il mondo.

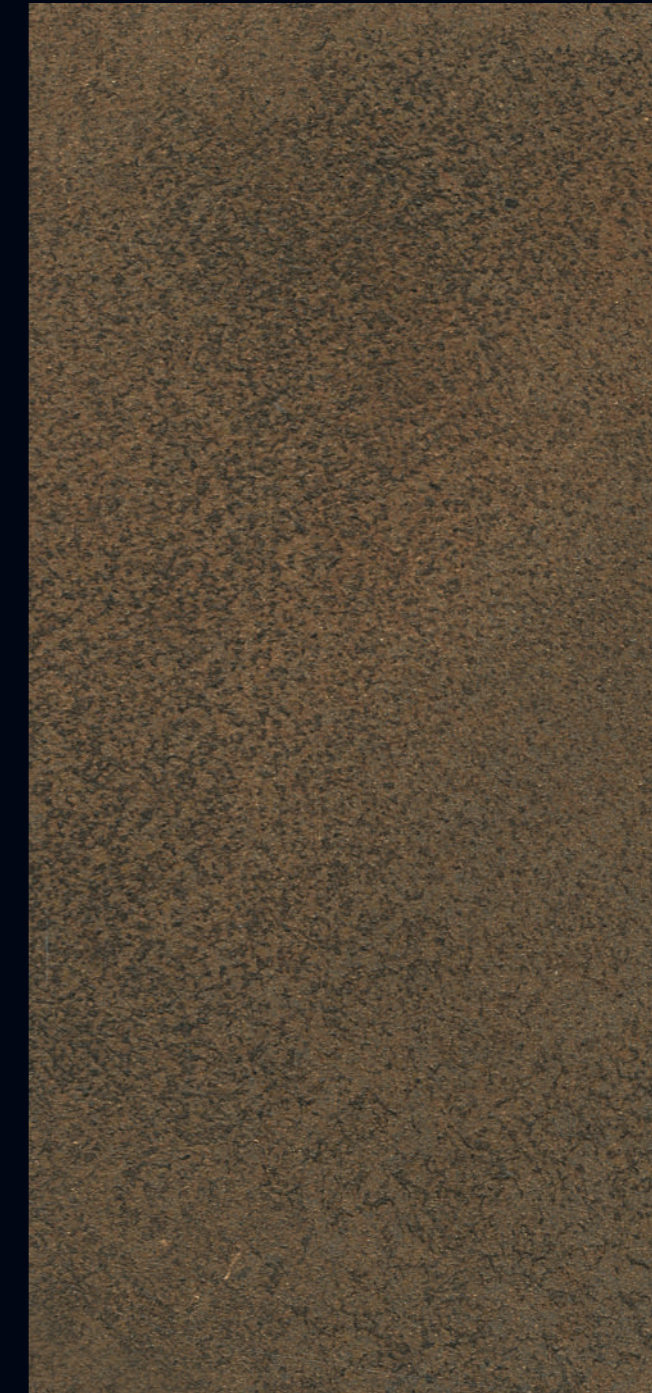

Le superfici decorate con Klondike imprigioneranno
preziosi frammenti metallici esaltando
gli effetti Dorati, Argentati ed Ossidati
